Pitch and voice coaching that turns founders whose voice undersells their pitch into speakers who use their voice to land it.

REVENUE RANGE **ESTIMATE**

\$5,336 TO \$180,000

The bottom of the range is the ebook sales; the top is a full year of one-to-one coaching at 20 hours a week.

\$10,543

Median (estimate)

\$15,096.50

Mean (estimate)

\$92,668

Mid-range (estimate)

Assumes 5% of followers are engaged and 5% of those buy; group coaching is 2 to 8 people per 8-week cohort; one-to-one is 1 to 20 hours a week; the maximum is a full year of six 8-week blocks. Median and mean count each coaching product at the middle of its 8-week range.

Autora hosts and runs everything, with nothing to pay upfront. Your part: film the lessons, run the coaching sessions and confirm the ebook.

THE CONTENT THAT WORKS

- **Festival stages.** Your Bits & Pretzels Founders Festival 2022 recap reached 4,151 likes, the highest of your 12 latest posts. This year's three Bits & Pretzels posts each sat around 1,700 likes.
- **Short teaching videos.** "Three things that make a great pitch" (24/09) drew 6,130 views and "What is the human-first communication mix?" (22/09) drew 6,170.
- **Stories with a lesson.** The Anna Wintour hallway story drew 21 comments, against 0 to 14 on this autumn's other posts.

THREE CONTENT PILLARS

PILLAR 1

PILLAR 3

STORIES FROM THE ROAD

Anna Wintour, the Venice optician who sold without selling, three hotels in ten days.

"Overall most professionals don't use their voices effectively enough. And it takes a bit of knowledge, time and effort to master the speaking voice."

You, in a DM on 01/10

Observed: you train founders and judge pitch competitions, including founders preparing for Bits & Pretzels, and much of the feed is hosting and brand work.

Not yet confirmed: founders want the voice work, but the knowledge, time and effort you describe doesn't fit a one-off session. That is the question to test first.

Verdict: you name the problem (the voice) and the cure (knowledge, time and effort). Structured products give people that time, at every price point.

02 WHERE THE NUMBER COMES FROM

Every figure in this audit is an estimate built from one public number, your follower count, and a fixed model. Here is the working, step by step.

F FOLLOWERS = 73,730

Your public follower count (public data).

E ENGAGED = $5\% \times 73,730 = 3,686.5 \rightarrow 3,686$

Assumption: 5% of followers are engaged. Rounded down to whole people.

B BUYERS = $5\% \times 3,686 = 184.3 \rightarrow 184$

Assumption: 5% of the engaged audience buy (0.25% of followers). Rounded down; 184 is used in every calculation below.

THE FOUR PRODUCTS ESTIMATES

PRODUCT	PRICE	WHAT IT RESTS ON		REVENUE
Ebook	\$29	184 buyers × \$29		\$5,336
Online course	\$200	184 buyers × \$200		\$36,800
Group coaching (8 weeks)	\$500	2 to 8 people per cohort; 6 cohorts a year = 48 places	\$1,000–\$4,000 per cohort	\$24,000 a year
One-to-one (8 weeks)	\$1,500	1 to 20 hours a week (1 to 20 clients at a time); 6 blocks a year = 120 programmes	\$1,500–\$30,000 per 8 weeks	\$180,000 a year

With 184 buyers, there are enough people to fill both the 48 group places and the 120 one-to-one programmes a year, so neither year figure is capped.

02 WHERE THE NUMBER COMES FROM, CONTINUED

GROUP COACHING

Per 8 weeks: $2 \times \$500 = \$1,000$ to $8 \times \$500 = \$4,000$.

Per year: $8 \text{ places} \times 6 \text{ cohorts} = 48 \text{ places}$; $48 \times \$500 = \$24,000$. 184 buyers ≥ 48 , so no cap.

ONE-TO-ONE COACHING

Per 8 weeks: $1 \times \$1,500 = \$1,500$ to $20 \times \$1,500 = \$30,000$.

Per year: $20 \text{ clients} \times 6 \text{ blocks} = 120 \text{ programmes}$; $120 \times \$1,500 = \$180,000$. 184 buyers ≥ 120 , so no cap.

MEASURE	WORKING	FIGURE
ESTIMATE		
Minimum	Ebook sales: $184 \times \$29$	\$5,336
Maximum	One-to-one year (larger than the group year of \$24,000 and the course at \$36,800)	\$180,000
Median	Figures in order: \$2,500, \$5,336, \$15,750, \$36,800. Middle two: $(\$5,336 + \$15,750) \div 2 = \$21,086 \div 2$	\$10,543
Mean	$(\$2,500 + \$5,336 + \$15,750 + \$36,800) \div 4 = \$60,386 \div 4$	\$15,096.50
Mid-range	$(\$5,336 + \$180,000) \div 2 = \$185,336 \div 2$	\$92,668

For the median and mean, the coaching figures are counted at the middle of their 8-week ranges: group $(\$1,000 + \$4,000) \div 2 = \$2,500$; one-to-one $(\$1,500 + \$30,000) \div 2 = \$15,750$. The mid-range uses the year maximum.

Solid bars: ebook and course sales, and each coaching product's 8-week range. Lighter bars: the rest of a full year.

03 THE PRODUCT LADDER

Four products, one problem: a voice that undersells the pitch. Each rung gives people more of the knowledge, time and effort you say the speaking voice needs.

04 WHO DOES WHAT

Autora hosts and runs everything: the format, the build, the platform and hosting, the checkout and payments, delivery, the marketing and the backend. There is nothing to pay upfront; Autora is paid from a share of what it makes.

YOUR PART	WHAT AUTORA DOES
EBOOK Confirm you're happy for it to go out. Next to no work.	EBOOK Writes Use Your Voice from your teaching, designs it, hosts it, sells it and delivers it.
ONLINE COURSE Film the lessons and drills, and send us the footage.	ONLINE COURSE Turns the footage into the course, hosts it, builds the checkout, sells it and delivers it.
GROUP COACHING Run the live sessions with each cohort of founders.	GROUP COACHING The sales page, booking, payments, onboarding and marketing for every cohort.
ONE-TO-ONE COACHING Run the weekly one-hour sessions with each client.	ONE-TO-ONE COACHING The sales page, booking, payments, onboarding and marketing for every client.

In one line: you film the lessons, run the coaching sessions and confirm the ebook. You never have to build, host, market or sell anything yourself.

05 OFFER DETAIL

EBOOK · \$29 · \$5,336 ESTIMATE

USE YOUR VOICE

What's inside: the voice basics for pitches and presentations, drawn from how you already teach founders, including the habits you see most professionals miss.

The promise: understand what your voice is doing in a pitch, and what to change first.

Your part: Autora writes it from your teaching; all you do is confirm you're happy for it to go out.

First step: share a few of your teaching posts and pitch-training notes so the first draft is in your words.

ONLINE COURSE · \$200 · \$36,800 ESTIMATE

SPEAKING VOICE, STEP BY STEP

What's inside: the knowledge plus practice drills, step by step, so people can put in the time and effort the speaking voice takes rather than hoping one session fixes it.

The promise: a voice that lands the pitch instead of underselling it.

Your part: film the lessons and send Autora the footage. Autora takes care of the rest: turning it into the course, hosting it, selling it and delivering it.

First step: run the story question on page 09, then shape the lesson list around what your followers say is hardest.

05 OFFER DETAIL, CONTINUED

GROUP COACHING · \$500 PER PERSON · \$1,000–\$4,000 PER COHORT · \$24,000 A YEAR, ESTIMATE

THE PITCH AND VOICE PROGRAMME

What's inside: an online pitch-and-voice programme for founders, in 8-week cohorts of 2 to 8 people, practising their pitches live.

The promise: eight weeks of practice in front of a small room before the real one.

Your part: run the sessions. Autora handles everything around them: the sales page, booking, payments, onboarding and marketing.

First step: pick the dates for a first cohort once the course waitlist shows who wants more than self-paced lessons.

ONE-TO-ONE · \$1,500 PER CLIENT · \$1,500–\$30,000 PER 8 WEEKS · \$180,000 A YEAR, ESTIMATE

VOICE FOR THE PITCH

What's inside: eight weeks of one-to-one voice coaching ahead of a pitch, talk or event, one hour a week per client.

The promise: walk on with a voice trained for that specific moment, because every person is different.

Your part: run the sessions. Autora handles everything around them: the sales page, booking, payments, onboarding and marketing.

First step: decide how many hours a week you want to give it, between 1 and 20, around your hosting calendar.

06 LAUNCH PLAN

Three steps, in this order. Nothing gets built until your followers have told you what they find hardest.

1 ASK FIRST

Post a story question: *"What do you find hardest about your speaking voice?"* Run the four-slide test post on page 10 alongside it, and count the "VOICE" comments.

2 FILM THE COURSE AROUND THE ANSWERS

Use the answers to set the lesson list, so every lesson and drill answers something your followers actually said. Film it and send the footage; Autora turns it into the course.

3 OPEN A WAITLIST, THEN LAUNCH

Open a waitlist for everyone who commented or replied. Then launch with a clear date and a real close, so the decision has a deadline.

Why this order: the audit's open question is whether founders want structured voice work rather than a one-off session. Step 1 answers it with your own audience before anything is built.

07 THE FIRST POST

A four-slide carousel in your voice, built from your DM and your 24/09 pitch post. It tests one thing: whether people want a course that trains the speaking voice.

SLIDE 1

**MOST
PROFESSIONALS
DON'T USE THEIR
VOICE EFFECTIVELY
ENOUGH.**

SLIDE 2

**IT TAKES
KNOWLEDGE, TIME
AND EFFORT, AND A
THREE-MINUTE PITCH
EXPOSES IT FAST.**

SLIDE 3

**I'M THINKING OF A
COURSE THAT TRAINS
YOUR SPEAKING
VOICE, STEP BY STEP.**

SLIDE 4

**COMMENT "VOICE" IF
YOU'D WANT IT.**

Caption

After this year's Bits & Pretzels, one thing stays with me. There isn't one habit, because every person is different. But most professionals don't use their voices effectively enough, and it takes a bit of knowledge, time and effort to master the speaking voice. I'm thinking of building a course that trains it, step by step. Comment "VOICE" if you'd want it.

08 WHAT TO DO NEXT

1. Post the story question and the four-slide test this week.
2. Count the "VOICE" comments and read the answers.
3. Tell us what you want to build first, and we'll take it from there.

NEXT STEP

Reply to this DM and I'll walk you through the numbers and what to build first.

PREPARED BY EUAN GRANT · AUTORA AI AUTOMATION · OCTOBER 2026

All figures are estimates based on public data and the audit, using the model on pages 03 and 04; they are not a forecast or a guarantee.

How this was made: I build automations and used AI for the analysis, which is why it took an evening rather than a fortnight.
