What your **numbers** say

PEOPLE ALREADY USE YOUR REELS AS LESSONS

You told us the reels come straight from your coaching: "Most of the things I cover in my reels are usually things I teach in my coaching programs. I pick those that are common among my clients and I share the solution to everyone so they can apply immediately." That is a framework your audience is already practising for free.

THE CONTENT THAT WORKS

REEL (PUBLIC DATA)	VIEWS	LIKES	COMMENTS
How to speak in cadence	1,032,895	128,734	1,518
Speak with rhythm	587,999	58,677	1,045
How to stop sounding robotic when you speak	245,946	32,287	455
Do this when you don't know what to say	4,065	568	17

Your voice-technique reels reach far beyond your follower count. The recent daily drills are smaller (about 500 to 4,000 views), but "Do this when you don't know what to say" is the one this audit builds on, because it is the problem your clients bring most.

THREE CONTENT PILLARS

01 · VOICE & DELIVERY

Cadence, rhythm, the T sound, shaping your sounds, not sounding robotic.

02 · THINKING ON YOUR FEET

When you don't know what to say, getting your thoughts out, knowing it but not saying it.

03 · AUTHORITY

Sounding authoritative and letting your communication reflect your expertise.

Where the **number** comes from

FROM FOLLOWERS TO BUYERS

Every figure here is an estimate. The assumptions are fixed and stated so you can check them line by line. All figures are in US dollars.

STEP 1 · FOLLOWERS (F)

F = **110,969** (public follower count)

STEP 2 · ENGAGED AUDIENCE (E) = 5% OF F

$5\% \times 110,969 = 5,548.45 \rightarrow$ **5,548** (rounded down to whole people)

STEP 3 · BUYERS (B) = 5% OF E

$5\% \times 5,548 = 277.4 \rightarrow$ **277** (rounded down; 0.25% of followers)

THE FOUR PRODUCTS

PRODUCT	PRICE	WHAT IT RESTS ON	REVENUE EST.
Ebook	\$29	277 buyers	$277 \times \$29 = \$8,033$
Online course	\$200	277 buyers	$277 \times \$200 = \$55,400$
Group coaching (8 weeks)	\$500 pp	2 to 8 people per cohort; up to 6 cohorts a year	\$1,000–\$4,000 per cohort \$24,000 a year
One-to-one coaching (8 weeks)	\$1,500	1 to 20 hours a week (one hour per client); 6 blocks a year	\$1,500–\$30,000 per 8 weeks \$180,000 a year

The ebook and course figures are one sale to each of the 277 buyers. The coaching figures are worked out on the next page.

THE TWO COACHING RANGES

GROUP COACHING · \$500 PER PERSON

Per 8-week cohort

Low: $2 \times \$500 = \$1,000$

High: $8 \times \$500 = \$4,000$

Per year

6 cohorts $\times$ 8 places = 48 places

277 buyers is more than 48, so all 48 places count

$48 \times \$500 = \text{\$24,000 a year}$

ONE-TO-ONE · \$1,500 PER CLIENT

Per 8-week block

Low: 1 hour a week = 1 client $\times$ \$1,500 = \$1,500

High: 20 hours a week = 20 clients $\times$ \$1,500 = \$30,000

Per year

6 blocks $\times$ 20 clients = 120 programmes
277 buyers is more than 120, so all 120 count

$120 \times \$1,500 = \text{\$180,000 a year}$

THE TWO ENDS OF THE RANGE

MINIMUM · ALWAYS THE EBOOK SALES

$277 \times \$29 = \text{\$8,033}$ **ESTIMATE**

MAXIMUM · THE LARGEST YEAR FIGURE

One-to-one year: $120 \times \$1,500 = \text{\$180,000}$ ESTIMATE

This is bigger than the group year (\$24,000) and the course (\$55,400), so the one-to-one year sets the top of the range.

So the range is **\\$8,033 to \\$180,000**, an estimate. The bottom is what the ebook alone could bring in; the top is a full year of one-to-one coaching at 20 hours a week, six 8-week blocks back to back.

None of this assumes your current coaching programmes are full or empty. It is a model of what these four products could make from your audience, not a forecast of bookings.

Where the number comes from · averages

THREE WAYS TO READ THE MIDDLE

For the averages, each coaching product is counted at the middle of its 8-week range, not its year figure: group coaching $(1,000 + 4,000) \div 2 = \$2,500$; one-to-one $(1,500 + 30,000) \div 2 = \$15,750$. In order, the four figures are \$2,500, \$8,033, \$15,750 and \$55,400.

MEDIAN · THE MEAN OF THE TWO MIDDLE FIGURES

$$(\$8,033 + \$15,750) \div 2 = \$23,783 \div 2 = \$11,891.50 \text{ ESTIMATE}$$

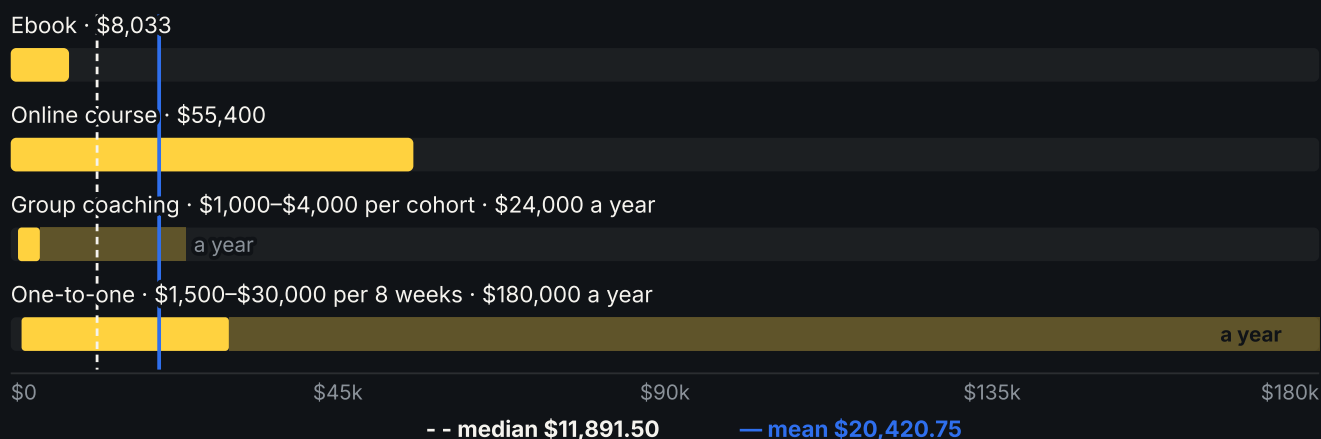

MEAN · THE FOUR FIGURES DIVIDED BY 4

$$(\$2,500 + \$8,033 + \$15,750 + \$55,400) \div 4 = \$81,683 \div 4 = \$20,420.75 \text{ ESTIMATE}$$

MID-RANGE · (MINIMUM + MAXIMUM) $\div 2$, USING THE YEAR MAXIMUM

$$(\$8,033 + \$180,000) \div 2 = \$188,033 \div 2 = \$94,016.50 \text{ ESTIMATE}$$

ALL FOUR ON ONE SCALE

Solid bars are one launch (ebook, course) or one 8-week block (coaching). The lighter part of each coaching bar runs on to its year figure, six 8-week blocks.

The product ladder

ONE FRAMEWORK, FOUR WAYS IN

Right now there is a big step between a free 60-second reel and a coaching programme. Each rung below is built on the same framework behind "Do this when you don't know what to say", so a follower can start small and move up when they're ready.

\$29**Ebook · When You Don't Know What to Say****\$8,033**

277 × \$29 · estimate

The framework written out step by step, with the client situations you see most often. Autora writes it from your own reels and captions; all you do is confirm you're happy for it to go out.

For: followers who apply the reels and want the method in one place.

\$200**Online course · the full framework, self-paced****\$55,400**

277 × \$200 · estimate

The steps, worked examples from common client situations, and practice prompts to apply it in real conversations. You film the lessons; Autora builds, hosts and sells the course.

For: followers who want the full method but aren't ready for one-to-one coaching.

\$500**Group coaching · 8 weeks, 2 to 8 people****\$1,000–\$4,000**

per cohort · \$24,000 a year · estimate

You run live sessions where a small group practises the framework out loud: being put on the spot, finding the next thing to say, and getting your feedback.

For: course buyers who want practice and feedback at a lower price than one-to-one.

\$1,500**One-to-one coaching · 8 weeks, an hour a week****\$1,500–\$30,000**

per 8 weeks · \$180,000 a year · estimate

You apply the framework to the moments each client gets put on the spot in their own work, with personal feedback every week.

For: professionals who want your direct attention on their own situations.

ALSO FROM YOUR AUDIT: THE PATH INTO COACHING

The last lesson of the course invites buyers who want personal feedback to book a consultation through the page you already have, sarpongandrews.com/consultation. That makes the course a first step towards the coaching you already run, not a replacement for it.

This is not a separate product and carries no revenue figure. It is how the lower rungs lead to the higher ones.

WHAT TO TRACK

How many course buyers go on to book a consultation. That tells you whether a second framework, from the voice and delivery reels or the authority reels, is worth packaging next.

Who does what

YOU TEACH. WE RUN THE REST.

Autora hosts and runs everything: the format, the build, the platform and hosting, the checkout and payments, delivery, the marketing and the backend. You never have to build, host, market or sell anything yourself.

PRODUCT	YOUR PART	WHAT AUTORA DOES
Ebook	Confirm you're happy for it to go out. Next to no work.	Writes it from your reels and captions, designs it, hosts it, sells it and delivers it.
Online course	Shoot the lessons and send us the footage.	Turns the footage into the course, hosts it, builds the checkout, sells it and delivers it.
Group coaching	Run the live sessions.	The sales page, booking, payments, onboarding and marketing for every cohort.
One-to-one coaching	Run the sessions, one hour a week per client.	The sales page, booking, payments, onboarding and marketing for every client.

There is nothing to pay upfront. Autora is paid from a share of what the products make.

Your existing consultation page stays yours. The course simply points the buyers who want more towards it.

TEST, ASK, BUILD, LAUNCH

- 01** **Post the test below first.** Before anything is built. The number of "FRAMEWORK" comments is the demand test.
- 02** **Ask in your stories.** A question box: where do you get stuck most when you don't know what to say? Their answers shape the lessons.
- 03** **Build around the one framework.** Use the client situations you already see most often. Autora writes the ebook; you film the course lessons.
- 04** **Open a waitlist, then launch to it** with a clear date and a real close. Track how many buyers go on to book a consultation.

SLIDE 1

You know the feeling: someone asks you a question and your mind goes blank.

SLIDE 2

In my coaching programmes I teach one framework for exactly this moment.

SLIDE 3

I'm thinking of putting the full framework into a short course you can do at your own pace.

SLIDE 4

Comment "FRAMEWORK" if you'd want it.

Built from your own "Do this when you don't know what to say" reel and your words about the framework you train people in.

All figures are estimates based on public profile data and this audit, using fixed assumptions stated on pages 3 to 5. They are not a promise of sales.

How it was made: I build automations, and I used AI for the analysis, which is why this took an evening rather than a fortnight.
